General Terms

Important: This document is a translation, and in a dispute the German version will be taken as the correct version

The following conditions of sale apply exclusively for all deliveries, including those from future transactions. Deviating agreements require our written confirmation. These conditions of sale apply as accepted on the receipt of our goods and/or services, at the latest.

Our conditions of sale only apply for companies, corporate bodies under public law or special funds under public law.

1. Quotation and conclusion of contract

Our quotations are non-binding.

Contracts are first concluded with our written acceptance of orders submitted to us, with our receipt of written declarations of acceptance or when the delivery items ordered by the purchaser have been delivered. This applies accordingly for additions and amendments to contracts.

All specifications, such as measurements, weights, figures, descriptions, assembly drawings and diagrams in prospectuses, price lists and other printed material are only approximations calculated as accurately as possible, however they are non-binding for us in this respect. Models and drawings remain our property.

2. Dates and deadlines

Specified dates and deadlines are only binding insofar as they have been expressly agreed upon as binding in the written form.

Unforeseen extraordinary events, such as labour disputes, official Dimensions, interruptions in operations or other acts of higher power, regardless of whether they have taken place with us or with our suppliers, exempt us from our duty of delivery and/or performance for the duration of their effects or exempted us entirely if they entail the impossibility of the performance. Any agreed-upon contractual penalty does not apply as forfeited under these circumstances.

If the purchaser has a claim to compensation for default damages, this claim is limited, insofar as we are only accused of minor negligence, to 0.5% of the invoice value for each completed week of default; however the total may not exceed 5% of the agreed purchase prices of the deliveries and services affected by the delay.

3. Shipment and transfer of risk / insurance

In the case of a purchase involving the carriage of goods on consignment, the risk of the accidental perishing and the accidental deterioration of the goods passes along with the transfer to the carrier, haulier or the person or agency specified for the performance of the shipment.

The transfer also applies when the purchaser is in default of acceptance.

Insurance is only arranged for at the request of the purchaser.

4. Payment

Insofar as nothing different is agreed upon, our invoices are due immediately and are payable within 14 days of the date of invoice.

Insofar as no special agreement is struck, a cash discount deduction amounting to 2% is only possible in the case of advance payments, or in the case of an unhampered receipt of payment in the bank transfer process on the basis of the direct debit authorisation issued to us, subject to fulfilment of the following conditions.

A cash discount deduction is only permitted insofar as all due invoices which were already due – excluding those to which the purchaser has made legitimate objections – have been paid.

The net invoice amount after the deduction of discounts, freight and other non-discountable performances applies as the decisive basis for calculation.

We only accept cheques after prior express agreement undertaking to pay and on the condition that they are discountable.

Credit for cheques and bills of exchanges is only issued after encashment; assignments of claims are only credited after payment. The claim and its maturity remain unaffected until that point in time.

We assume no guarantee for the timely encashment and protesting.

Note taxes, discount charges, protest charges and cashing charges are borne the purchaser.

If a reasonable doubt of the purchaser's creditworthiness or ability to pay should arise after the conclusion of contract, we are entitled to refuse the performance incumbent upon us until the purchaser provides service in return and has paid our claims due for payment - including those from earlier transactions in the ongoing business relationship - or has furnished corresponding securities. If multiple claims against the purchaser exist, incoming payments are credited against the oldest respective claim.

5. Offsetting and right of retention

The purchaser is only entitled to offsetting and/or a right of retention if the counterclaim is based on the same contractual relationship or the counterclaim is undisputed, uncontested or has been finally and non-appealable established.

6. Liability for defects

Objections on the basis of defects of the goods, incorrect deliveries and deviations in quantity - even for excess delivery - must be immediately asserted in writing or no later than 14 days after receipt, insofar as they can be verified through reasonable investigation.

For defects of goods and/or services, we provide supplementary performance through a rectification of defects or replacement delivery, at our own discretion.

In the case of the failure of these Dimensions, which means the impossibility, the unacceptability, refusal or unreasonable delay of the rectification of defects or delivery of replacement parts, the purchaser can withdraw from the contract or reduce the purchase price accordingly.

If we are to blame for a defect, the purchaser can demand compensation for damages under the conditions specified in Numeral 7.

Claims for defects are limited to a period of one year after the delivery of the goods, insofar as we have not assumed liability in the scope of a manufacturer's warranty for a longer period of time. This does not apply to items which have been used for a construction in accordance with its customary manner of use and have caused its deficiency.

If a used item is sold, we are not liable for any defects unless we have fraudulently concealed the defects.

It is agreed that only our product description applies as the condition of the goods, as a basic principle. Public statements, promotions or advertisements, on the other hand, do not represent a contractual specification of the condition of the goods.

The purchaser does not receive any guarantees from us in the legal sense.

7. Liability

We are liable within the scope of the statutory provisions insofar as the purchaser has asserted damage claims which are based on the intention or gross negligence of our agencies, representatives or vicarious agents. If the cause of a damage is based on minor negligence, we are only liable insofar as significant contractual duties are breached. Significant contractual duties are to be understood as duties whose fulfilment are necessary for the proper execution of the contract and in whose compliance the contractual partner may normally have faith.

In accordance with the preceding clause, we are liable for minor negligence limited to the liability for the foreseeable damages typical for the respective contract.

If compensation for damages is demanded on the basis of the deficiency of the item in the case of minor negligence, the goods remain in the purchaser's possession insofar as this is reasonable for them. The compensation for damages is limited to the difference between the value of the defective item and the purchase price.

The preceding limitations of liability do not apply in the case of injury to the life, body or health or in cases of mandatory liability on the basis of the provisions of the Product Liability Act. The limitations of liability do not apply in the case of the issue of guarantees whose content has the purpose of safeguarding the purchaser against such damages, either.

8. Retention of title

Our deliveries take place exclusively under retention of title. The property is only transferred to the purchaser once they have compensated us for their bills payable.

In the case of an account current, the goods subject to retention of ownership also apply as a security for our balance claim. Any processing, reworking, installation or other use of the goods delivered by us which remain our property is carried out by the customer on our behalf.

If the goods delivered by us are combined or mixed with other items, we acquire co-ownership of the new item and/or the mixed assets proportional to the invoice value of the goods subject to retention of title. The purchaser stores the goods whose sole or co-ownership we are entitled to. If the mixture or combination takes place in such a manner that the purchaser's item should be considered the primary item, it is agreed that the purchaser transfers proportional co-ownership to us and that item is also kept safe for us.

Prior to acquiring ownership, the purchaser may only sell the delivered goods in the normal course of business and may not agree with their customer to a prohibition of assignment. The purchaser is also obligated to enjoin our retention of title on their customer.

Encroachments on our rights, especially seizure and confiscation, must be reported to us by the purchaser immediately in writing with inclusion of copies of impoundment reports.

Until the full repayment of all of our bills payable, the purchaser assigns all claims to us, along with all ancillary rights and safeguards, which they have accrued from their customers through future sales of our delivered goods in the amount of the invoice value of the goods delivered by us and sold by the purchaser plus an additional 10%, as well as any claims from their insurer. We hereby accept the assignment. If the value of the assignments and securities exceeds our claims by more than the 10% specified in Sentence 1, we are obligated to release the corresponding securities of our choice at the purchaser's request.

At our request the purchaser is obligated to inform their customer of the assignment and to provide us with the necessary information and to hand over the documentation necessary for the assertion of our rights towards the customer. We are entitled to inform the purchaser's customer of the assignment. This applies as a cancellation of the following collection authorisation.

The purchaser is empowered to collect the assigned claim for us, however only insofar as they fulfil their contractual duty of payment. We can revoke the empowerment of the purchaser for the collection of our claim. The amounts collected must be set aside by the purchaser and paid to us immediately. The purchaser bears any costs for intervention.

A sale in the sense of these conditions of sale includes the reworking, installation or other use.

The purchaser is empowered to collect the assigned claim for us, however only insofar as they fulfil their contractual duty of payment. We can revoke the empowerment of the purchaser for the collection of our claim. The amounts collected must be set aside by the purchaser and paid to us immediately. The purchaser bears any costs for intervention.

A sale in the sense of these conditions of sale includes the reworking, installation or other use.

9. Place of fulfilment and jurisdiction

The place of fulfilment for all obligations arising from this delivery transaction is Issum, Germany.

The local or district court responsible for Issum, Germany shall settle any disputes arising from the business relationship between us and the purchaser.

The law of the Federal Republic of Germany applies exclusively. The application of the UN Convention on the International Sale of Goods (CISG) is excluded.

If individual provisions of these General Terms and Conditions should be or become invalid either wholly or in part on the basis of the deviation of provisions which do not serve for the protection of the purchaser, the wholly or partly invalid provision shall be replaced by a provision whose economic outcome comes as close as possible to the invalid provision.

Information

Prices

List prices in Euros do not include VAT and are valid for all orders starting January 1st, 2018 until December 31st, 2018.

Terms of delivery and payment

Unless otherwise arranged, payment within 14 days net without deduction. Delivery on basis „ex works“ (Incoterms 2010).

Liability for defects and product guarantee

Surpassing the statutorily prescribed 2-year period of limitation for the liability of defects, we assume liability for defects in accordance with our General Terms and Conditions by means of a voluntary manufacturer's warranty for a period of five years for SanTRAL® and ingo-man® aluminium and stainless steel products, starting from the date of delivery, subject to the intended use and the use of original OPHARDT hygiene parts for all of our deliveries, with the exception of the deliveries of plastic devices/pumps.

Return of goods

Within 8 weeks of the original purchase date, unused standard products in their original packaging and part of the current price list may be returned after consultation, and with reference to the original invoice number. A credit note will be issued with a minimum deduction of 35% of the net purchase value. Requests for payout of the credit will not be accepted. Filling goods may not be returned. For organizational reasons, we can only accept prepaid return shipments.

Printing or special powder coating

...printing in any RAL colours as well as autoclavable powder coating are offered for an extra charge.

Costumers colours for plastic products

...are offered starting at preset minimum quantities. Please make a special request.

Price adjustments

...we explicitly reserve the right to make price adjustments.

Technical modifications

...may be carried out without announcement, in the interest of our customers, and to further enhance our products.

Terms and conditions

Our general terms and conditions apply.
