## THE ELEGANT STRENGTH OF QUARTZ...

Quartz is a pure mineral. Durable and tough. Elegant and strong. The perfect inspiration for our new line of high-quality dispensers. Made in pristine white, robust black and a very stylish version in black with stainless steel.

Present quality and elegance in any interior with the QuartzLine, a gem with exceptional functionality and ease of use.

The QuartzLine is cleverly designed and complete down to the last detail. It has been developed with care for the professional user. Every dispenser is easy to open and, if desired, can be locked with a universal key.

Find the right dispenser for every type of use and any space. The matt finish gives your dispenser a modern and chic appearance.

*And did you know that quartz was known as a crystal in ancient times? The ancient Greeks used pieces of quartz to cool their hands in summer. Very fitting! Your employees and guests can now experience the same comfort with the QuartzLine.*
